Associated fields : Derivative academic fields of study may both interact with and develop independently of filmmaking, as in film theory and analysis. Fields of academic study have been created that are derivative or dependent on the existence of film, such as film criticism, film history, divisions of film propaganda in authoritarian governments, or psychological on subliminal effects e.g., of a flashing soda can during a screening. These fields may further create derivative fields, such as a movie review section in a newspaper or a television guide. Sub-industries can spin off from film, such as popcorn makers, and film-related toys e.g., Star Wars figures. Sub-industries of pre-existing industries may deal specifically with film, such as product placement and other advertising within films.

The Academy Awards and Golden Globe Awards modified their eligibility criteria for their 2021 editions, as they usually require that a film be screened theatrically for a minimum length of time. The Hollywood Foreign Press Association mentioned that films released via non-theatrical means such as digital would be eligible if they were scheduled to have a bona fide theatrical release in Los Angeles after March 15 with a cutoff date to be determined.³⁴³⁵³⁶ The Best Foreign Language Film award would similarly offer eligibility for films originally scheduled for a theatrical release in their country of origin between March 15 and a date to be determined.³⁷ The 93rd Academy Awards would also allow films released via password-protected or transactional video on demand to be eligible if they were originally scheduled to have a theatrical release. Once cinemas have sufficiently resumed operations, the requirement that a film be screened for at least a week would be reinstated. In addition to Los Angeles, eligible screenings would also be allowed to take place in one of five other major U.S. cities.³⁸³⁹

Chinese regulators, as well as the U.S. National Association of Theatre Owners, have highly discouraged film distributors from engaging in this practice, in defense of the cinema industry.¹⁴⁵¹⁴⁶ Trolls World Tour was released directly to video-on-demand rental upon its

release on April 10, 1975 with limited theatrical screenings in the U.S. via drive-in
cinemas.¹⁴⁷ NBCUniversal CEO Jeff Shell told The Wall Street Journal on April 28 that the
film had reached 0 million in revenue, and stated that the company had not ruled out
performing releases in both formats as cinemas reopen.¹⁴⁸¹⁴⁹
